REPLY TO

ATTN OF: AD-442:Barker

SUBJECT: **VOLUNTARY SOLICITATION - NUCLEAR ENGINEER, GS-13**

TO: All ORO and National Nuclear Security Administration, OR, Employees

The Office of Assistant Manager for Environment, Safety, Health, and Emergency Management (AMESH), has a vacancy for a Nuclear Engineer position in the Nuclear Safety Division. The incumbent of the position participates in the formulation, development, coordination, implementation, and appraisal of safety management system programs concerning all aspects of nuclear reactor and nuclear facility safety to ensure that Department of Energy Operations are conducted in a manner that provides adequate protection of operating personnel, the general public, environment, and property.

The position is included in the Technical Qualifications Program. The selectee must complete the program and maintain certification to remain in this position.

Consideration for this position will be given to employees who are currently at the GS-13 grade level. Candidates must meet the qualification standards for the placement in the GS-840 series at the GS-13 level. If you wish to be considered for reassignment to this position, you may do so by visiting the Human Resources Division web site at www.oro.doe.gov/pmab. Click on the employment icon and scroll to the area designated as Voluntary Solicitation. Employees who have registered in the Voluntary Solicitation database by June 2, 2000, and who meet established criteria, i.e., qualifications and time-in-grade, will be considered for this position.

If you have any questions regarding this solicitation of interest, please contact Phil Barker at (865) 574-2636 or barkerps@oro.doe.gov.
